

## Bringing you the latest news from the Woodbridge Warriors U13's

**Hi everyone. Welcome to the latest release of 'The Warrior' for the 2014/2015 season of the Woodbridge U13's, the 1<sup>st</sup> release of 2015.**

**Following a couple of heavy defeats either side of the Christmas break, the Warriors responded fantastically at the weekend to defeat Colchester B and get their season back on track. A big thank you to all the players (and parents) for showing some real character – despite the demoralising defeats, all available players attended training and were rewarded with a great result at the weekend. Well done everyone**

### COLCHESTER – AWAY – COACH'S REPORT:

"We asked the boys to do two things in the match against Colchester B. First was to improve their defensive line. They did this by not competing at the opposition breakdown and this seemed to give us a lot more defenders that were willing to tackle hard and low. Secondly we asked them to try and not concede a try all match. They achieved both of these objectives and even though we changed the entire back line at half time, the whole team played as well as I've seen all season. Braintree will be a tougher test on Sunday but with similar determination and teamwork, they could easily cause an upset! Well played boys." **STEVE**

"The disappointment following the Southwold result could be seen on the players faces (and parents!) – we know we were beaten by a better team on the day, but our performance was well below our capabilities. How did the boys respond? They all worked hard work at training, they listened to the game plan, they were determined, they passed and tackled, and most importantly they showed belief in themselves. Well done boys – a fantastic turnaround - thank you" **JON**

### COACH'S REPORT:

"After the disappointing performance against Southwold we asked the lads for a response. This started at Thursday night training with over 22 lads turning up (most of them on time). What was also very pleasing was the attitude shown in training, with less horseplay came more commitment to the exercises which in turn brought improved performance. It was satisfying to all and we took this into the game on Sunday against Colchester. We asked for discipline to play in a certain style, building on defensive lines and working together, trusting the guy either side of them. The result was fantastic and should help build confidence to take into the Braintree game where I know we can get a result." **IAN**

"A good match, "They actually listened !" and didn't commit too many to the rucks and mauls as we had requested. The forwards played very well dominating possession, one try in particular the forwards pushed right down the centre and then passed the ball out to the backs for a score, nice to see Jack get a try. Great kicking from Daniel and Ethan" **PHIL**
